Bill	Description	Covered Sources & other notes
H.R. 97 Blackburn CAA amend on GHGs	Remove GHGs (carbon dioxide, water vapor, methane, nitrous oxide, hydrofluorocarbons, perfluorocarbons, or sulfur hexafluoride) from definition of pollutant under the CAA.	All
H.R. 153 Poe GHG funding prohibition	Prohibits any funds appropriated or otherwise available for the Administrator of the Environmental Protection Agency (EPA) from being used to implement or enforce: (1) a cap-and-trade program; or (2) any statutory or regulatory requirement pertaining to emissions of one or more greenhouse gases from stationary sources that is issued or becomes applicable or effective after January 1, 2011.	Stationary sources
H.R. 199 Capito 2yr delay	Prohibits the Administrator of the Environmental Protection Agency (EPA), during the two-year period beginning after this Act's enactment, from taking any action under the Clean Air Act (CAA) with respect to any stationary source permitting requirement or requirement concerning standards of performance for new stationary sources relating to carbon dioxide or methane. Exempts from such prohibition: (1) any action relating to the preparation of a report or the enforcement of a reporting requirement; or (2) any action relating to the provision of technical support at a state's request.	Stationary sources
H.J.RES. 9 Carter Cement CRA	Disapproval resolution on cement kiln MACT	
H.R. 325 Filner FAIR Act	bill to delay nonattainment designations for areas adjacent to a foreign country due to transboundary air pollution	

H.R. 10 REINS Act	Under the legislation, no new "economically significant" regulations would take effect unless affirmatively approved by Congress, by means of joint congressional resolution of approval, signed by the President, within 90 days of finalized rules. (basically turning the Congressional Review Act around). (source: http://bit.ly/REINSact)	all - this is a broad regulatory reform measure. Beyond EPA/CAA
H.R. 750 Walberg no carbon regs	House companion to Senate bill	broad
